Dear Students:

The number one priority of the NHS administration is to provide a safe, welcoming, and productive learning environment for every student. In doing so, we want to provide the best and most fulfilling high school experience possible by giving you the tools and resources to succeed in a diverse and ever changing world while upholding and embracing the culture, traditions, and values of our community and region.

We hope the time you spend at NHS will be remembered as a formidable and influential experience; one that will shape who and what you choose to become in life. We will do our best to prepare you for adulthood, and we expect you to give your best effort. Remember that every day you come to school is another opportunity to learn and grow as a human being. You will get out of your education exactly what you put into it, so enjoy it now for what it is worth and take it seriously for what it means to your future.

While the classroom instruction you receive is vital, it is no less important to be involved in extra-curricular activities. We have a number of athletic teams, marching and concert bands, academic teams, a student council, and more clubs and organizations than can be counted. We strongly encourage every student to be a part of something outside the classroom as such participation completes a well-rounded educational experience.

We look forward to another great year at Narrows High School. Please do your best every day. Be kind to your fellow students, respectful to your teachers and the school staff, supportive of our teams and programs and exhibit good sportsmanship at our games and events, and be proud to be a Green Wave!

Sincerely,

Brian Bowles, Principal

INTRODUCTION

Giles County Public Schools have several goals: to provide opportunity for the maximum development of each student as an individual, to develop skills applicable to future employment, and to have each student become a contributing member of society.

In order to encourage self-direction on the part of students, rigid restrictions are not emphasized; however, certain policies and regulations are necessary for students. These rules are to serve as a guide for their daily lives as a member of the Giles County Public School system.

The rules and regulations contained within this booklet are there because we care enough to attempt to create an atmosphere where any student willing to work can obtain a good education.

Epicitius once said, "People are disturbed not by things, but by the views which they take of them."

Please view school rules as an attempt to create a fair and calm environment conducive to learning.

There are events that occur every year that cannot be foreseen when we publish our handbook. Narrows High School reserves the right to take reasonable action in these cases to ensure the safest and most orderly environment for our students, staff, and the future effective operation of our school.

We are expecting a great year!

ATHLETIC PROGRAM

SPORTSMANSHIP, ETHICS AND INTEGRITY

The School Board recognizes the value of extracurricular activities in the educational process and the values that students develop when they have the opportunity to participate in an organized activity outside of the traditional classroom.

Participants and responsible adults involved in School Board approved extracurricular activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as is expected in the classroom. The School Board further encourages the development and promotion of sportsmanship, ethics and integrity in all phases of the educational process and in all segments of the community, including administrators, participants, adult supervisors, parents, fans, spirit groups and support/booster groups.

All students that participate in a varsity, J.V. or eighth grade sport at Narrows High School must meet and abide by the requirements and rules of the following agencies:

- Virginia High School League
- Region C
- Pioneer District
- NHS Administration and Coaches

Each student will be given an Athletic Participation Requirement Form outlining the requirements of each sport. This form will be taken home for parents to read and sign and will be returned to the coach by the student.

The following will be included in the Athletic Participation Form:

- Conduct Rules for Students
- Lettering Requirements

An athlete that fails to complete a season for reasons other than injury will not be entitled to a letter in that sport or any other special recognition or awards such as jackets, sweaters, etc., that a team member might receive.

If money has been paid by a student for the purchase of a jacket, sweater, etc., that is to be used specifically by a group that the student quits participation therein, this money cannot be returned if the order has been made. The article ordered will revert back to the sport or activity in question and will not be given to the student.

We expect our student athletes to conduct themselves responsibly both inside and outside the school. Students accused of infractions of criminal law will be granted the same rights that the courts grant them, they will be considered innocent until proven guilty. However, any student convicted of a misdemeanor will face disciplinary action in terms of extra curriculars. Any student convicted of a **felony** will be removed from athletic eligibility for that school year.

Students and adults that attend athletic contests involving Narrows High School are also expected to demonstrate good sportsmanship. In general, this means to yell encouragement for your team and to applaud outstanding efforts. **IT DOES NOT MEAN** making derogatory remarks about the other team, the officials, or visitors to Narrows High School. This is bad sportsmanship and will not be tolerated.

Students demonstrating poor sportsmanship will face the following discipline procedures:

1st offense: The incident will be recorded and the student warned. If the incident involves profanity, violence, or incitement that might provoke violence, one or more days of in-school supervision will be assigned and a suspension could occur.

2nd offense: The student will be placed on a ten-day suspension from all extra-curricular activities.

3rd offense: The student will be denied extra-curricular privileges for the remainder of the school year.

4th offense: Any offense in subsequent years will result in loss of extra-curricular privileges for that school year.

Fans other than students who demonstrate poor sportsmanship, or are removed from an athletic contest, **can** be banned from all contests participated in by Narrows High School for a period of **10 contests**. This ban can be extended to all VHSL activities.

ATHLETIC ELIGIBILITY REQUIREMENTS: Athletes must pass 3 of 4 classes each semester to be eligible to participate in VHSL activities during grades 9 through 12. VHSL activities include all sports and cheerleading.

ATTENDANCE

1. Parents are encouraged to call their child's school on day(s) of an absence(s). Upon returning to school after absences, all students must submit to the office secretary a note signed by a parent/guardian stating the parent/guardian was aware of the absence and give the reason(s) for the absence. **ANY NEEDED DOCUMENTATION FROM A DOCTOR, DENTIST, COURT, ETC., MUST BE SUBMITTED WHEN STUDENT RETURNS TO SCHOOL. THERE IS NO GRACE PERIOD FOR SUBMITTING NOTES AT ANOTHER DATE!** Reasons for absences are important because an attendance committee will vote on all students that have missed 6 or more days to determine if absences should be waived. Failure by the student to submit a note signed by a parent/guardian upon returning to school from an absence will result in disciplinary action. **ABSENCES BEYOND 6 DAYS A SEMESTER SHOULD BE DOCUMENTED BY MORE THAN A PARENTAL NOTE.** A doctor's excuse, court appearance card, etc., will be needed before a waiver can be granted when absences exceed 6 days/semester.
2. To be fair and consistent, the Attendance Committee requires the same documentation for each student. If it becomes necessary for the attendance committee to vote on a student's attendance, the teachers will also take into account the quality and quantity of makeup work that has been submitted by the student in making their decision to waive or not to waive a student's absences. Students will automatically be considered for waivers when their absences reach 7 days.
3. An automated call will be made to the homes of absent students each day. If the home has an answering machine, a message from the principal will be left.
4. Letters will be sent to parents/guardians on at least the student's third day of absence of the semester. **THESE LETTERS ARE SENT FOR EXCUSED AS WELL AS UNEXCUSED ABSENCES, SO PLEASE DON'T PANIC IF YOU GET A LETTER IF YOU KNOW YOUR SON/DAUGHTER HAD DOCUMENTATION TO COVER THE ABSENCE.** Another letter will be sent on the 5th day absent, along with a phone call that will be made by the assistant principal after the **5th day** to make parents aware of the number of absences their child has. Also the parents will be made aware that if absences persist, the school resource officer will make a home visit. At this visit the SRO will make parents aware that court papers will be filed if absences continue.
5. Check-ins: Morning check-ins will be unexcused without a doctor's excuse or prior notification from a parent/guardian. Excuses such as "going out of town" or "needed at home" will be unexcused unless more specific details are given. Tires and gas tanks should be checked the night before school if students are driving. **Once they have checked out, students must have a doctor's note upon checking back in to school.**
6. Checkouts: Parents are requested to call the school before a checkout is to occur. The student can have a signed note from the parent that includes the date and time for the checkout or the parent can email the school's secretary (lthompson@gilesk12.net or brendas@gilesk12.net if there is an emergency that would require the student to leave early. This is required before any student will be allowed to leave school during the school day. The school will not check a student out of school on the word of a non-parent/guardian. Students that forge checkout slips or have someone call the school other than a parent or guardian will be subject to a class IV discipline infraction. If a student is to be picked up by someone other than a parent/guardian, the parent/guardian needs to call the school and notify us of this in advance and an email will also be required. Students that are 18 years old **cannot** sign themselves out of school or sign field trip forms. A parent or guardian must sign them out, **no exceptions!**
7. Students who miss classes due to checking in or out of school will have the total number of classes missed counted against them. When a student has totaled 4 missed classes, this will count as a day of absence. Students must be in class at least half of a block to be counted present in that class. **Secondary students are permitted no more than 6 days of absence per semester per block.** Absences beyond 6 days per semester per block may result in failure unless a waiver is granted. Secondary students will be required to repeat classes when they are absent from each class 6 or more times during the semester, unless this policy is waived for them.

8. **Students must attend the entire school day to be eligible to participate in athletic practices, games or competitions unless they have a note from a doctor or court, was sent home by the school nurse, or received prior permission from the NHS administration.** This rule is in effect for ALL students that leave school during the school day. Students that leave school early can only return to school with a doctor's note or court note. No student will be allowed to leave the campus once they arrive on school grounds to start the school day. This rule was put in effect to keep students from checking out of school for no reason, and then coming back after school to participate in athletics. Our student's safety and education will always be, our #1 priority.
9. Student admission passes will be marked "excused" when students are eligible to make up class work. This does not mean that any excused absences above 6 not signed by a doctor, dentist, etc., will not be counted against the county attendance policy. AN "EXCUSED" PRINTED ON AN ATTENDANCE SLIP JUST TELLS THE TEACHER THAT THE STUDENT CAN MAKE UP THE CLASS WORK. ANY STUDENT MISSING OVER SIX DAYS WITH EXCUSED PARENT NOTES WILL STILL HAVE TO BE VOTED ON BY THE ATTENDANCE COMMITTEE TO SEE IF HE/SHE WILL BE WAIVED.

A student must be present at least 1/2 of the class period to be counted present. Absences do not include school-related activities such as field trips. Otherwise, "an absence" for the purpose of this incentive refers to actually being out of class whether the absence is excused or not excused. Visits to colleges or recruiters should be scheduled on weekends or holidays and not on school time. Visits to colleges that cannot be arranged on weekends must be approved in advance by administration and documentation of the visit from the college, etc., must be provided upon the return of the student to school.

Waiver Options: The attendance committee under the following conditions may grant a waiver:

- a. Acceptable documentation is on file in the student's attendance folder
- b. The majority of the attendance committee composed of the student's core teachers, guidance counselor, and the principal approve the waiver.

Code of Virginia: 22.1-258: Whenever any student fails to report to school on a regularly scheduled school day and no indication has been received by school personnel that the student's parent/guardian is aware of the student's absence, a reasonable effort to notify by telephone the parent/guardian shall be made by the attendance officer, other school personnel or volunteers organized by the school administration for this purpose. School divisions are encouraged to use non-instructional personnel for this notice. Attendance officers, other school personnel or volunteers organized by the school administration for this purpose shall be immune from any civil or criminal liability in connection with the notice to parents of a student's absence or failure to give such notice as required by this section.

Procedures For Dealing With An Absence:

1. Parents are asked to phone the school when a student is ill or must leave school during school hours for any reason.
2. When a student has been absent or has a scheduled appointment and must leave the school during hours, he/she must report to the attendance officer to obtain an admission slip before 8:15 a.m. It is the student's responsibility to carry the admit slip and present it to each teacher at the beginning of each class for the teacher's initials. The student's 4th block teacher will collect the admit slips and turn them into the office. Failure to follow this procedure may result in assignment of demerits.
3. Any student who reports to school following an absence must submit a note from a parent/guardian explaining his/her absence. Forged notes or signatures or false excuses will result in the assignment of ISS or OSS. This is considered to be a Class 4 behavior under the discipline code.
4. The student will be issued an Admit Slip by an attendance monitor. He/she will record date, days absent, reason and sign his/her name which is an affidavit that the statement is true. Every admit slip has the important elements of the attendance code written on it so students will be appraised of the policy.
5. Narrows High School recognizes two types of absences: excused and unexcused.
 - a. Excused absences: Any absence that adheres to the attendance policy as previously stated (6 days per semester or fewer). Any absence over 6 days in which the child or parent has no control over, such as death in the family, physician documented sickness, etc.
 - b. The responsibility for missed work during excused absences rests entirely with the student. **Arrangements for make-up consist of day for a day. The student must have written excuse when he/she returns to school.**
 - c. Students only get 3 parent notes per semester to use against the county attendance policy. Absences over 3 that are excused by parent notes will have to be voted upon by the attendance committee to determine if the student will be given an attendance waiver for the semester.
 - d. Unexcused absences: Any absence in violation of the attendance policy or in which the parent/guardians and the student have control over. **Students with unexcused absence(s) will not have the opportunity to make up missed work.**

Students may face the possibility of out of school suspension or in-school supervision as reasoned by the administration.

Work missed during out-of-school suspension cannot be made up.

- e. **Any needed documentation from a doctor, dentist, court, etc., must be submitted the same day the student returns to school and must show dates of absence.** It is a good policy to always get a documented note from a doctor or dentist in case students should miss over 6 days.

STUDENT ABSENCES/EXCUSES/DISMISSALS

I. Student Attendance Policy

Student attendance is a cooperative effort and the School Board shall involve parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age shall be responsible for such child's regular and punctual attendance at school as required under provisions of the law.

A reasonable effort shall be made to contact a parent/guardian of each absent student every day, and to obtain an explanation for the student's absence, where there is no indication that the student's parent is aware of and supports the absence. A log will be kept of call attempts.

Students who are absent must bring a valid note stating the reason for absence upon returning to school. Unexcused absences shall be handled according to regulations issued by the superintendent.

The superintendent's regulations will include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations will ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which he missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless otherwise excused. Secondary students shall be scheduled for a full school day unless they are enrolled in a cooperative work-study program. All other exceptions to a full day schedule must be approved on an individual basis by the superintendent or designee.

TARDY POLICY: CLASSROOM TEACHERS WILL BE RESPONSIBLE FOR TARDIES FOR THE FIRST TEN MINUTES OF 1ST BLOCK. AFTER 8:25, STUDENTS WILL REPORT TO THE OFFICE TO SIGN IN AND RECEIVE A TARDY SLIP. 1ST, 2ND, 3RD AND 4TH BLOCK TEACHERS WILL HANDLE TARDIES WITH THE FOLLOWING CONSEQUENCES:

- 1st Tardy – Verbal warning**
- 2nd Tardy – One Day Lunch Detention**
- 3rd Tardy – Two Days Lunch Detentions**
- 4th Tardy and beyond – Office Referral – 1 day ISS**

Early Dismissal: Principals shall not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the student. Students shall be released only on request and authorization of parent/guardian. The superintendent shall provide procedures for release of students who are not residing with the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal checkout system shall be maintained in each school.

Students are to give their written excuse, signed by the parent/guardian to the office staff prior to 8:15 a.m. Students need to sign the checkout clipboard in the office before leaving.

Alternative Education Attendance: Students enrolled in alternative education programs may be exempt from the minimum 160 days of classroom attendance. Students enrolled in the Giles County Alternative Education Program and a non-diploma program approved by the School Board may be provided a waiver of the 160 day requirement. The Superintendent shall provide procedures to address the availability of such waivers.

II. Compulsory Attendance Procedures

A. Upon Fifth Absence without Parental Awareness and Support

If (1) a student fails to report to school for a total of five scheduled school days for the school year, and (2) there is no indication that the student's parent is aware of and supports the absence; and (3) reasonable efforts to notify the parent of the absences have failed, then the Principal or his designee or the attendance officer shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation, to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or his designee or the attendance officer, the

pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Sixth Absence Without Parental Awareness and Support

If the pupil is absent an additional day after direct contact with the pupil's parent and the attendance officer has received no indication that the pupil's parent is aware of and supports the pupil's absence, either the school principal or his designee or the attendance officer shall schedule a conference within ten school days, which must take place no later than the fifteenth school day after the sixth absence. At the conference, the pupil, his parent, and school personnel, shall meet to resolve issues related to the pupil's nonattendance. Other community service providers may also be included in the conference (FAPT Family Assessment and Planning Team).

C. Upon Additional Absence without Parental Awareness and Support

Upon the next absence after the conference without indication to the attendance officer that the pupil's parent is aware of and supports the pupil's absence, the Principal or designee shall notify the attendance officer or Superintendent or his designee who shall enforce the compulsory attendance rules by either or both of the following: (i) filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision (CHINS) as defined in § 16.1-228 or (ii) instituting proceedings against the parent pursuant to § 18.2-371 or § 22.1-262. In filing a complaint against the student, the attendance officer shall provide written documentation of the efforts already undertaken to resolve the pupil's absence. If the student's parents have joint physical custody of the student and the school has notice of the custody arrangement, then both parents shall be notified at their last known addresses.

D. Parental Cooperation in Remediating Excessive Unexcused Absences

It is expected that parents will cooperate with the attendance officer and other school officials to remedy the student's attendance problem. Where direct contact with a parent cannot be made, despite reasonable efforts, or where parents otherwise fail to cooperate in remediating the student's attendance problem, the superintendent or the superintendent's designee may seek immediate compliance with the compulsory school attendance laws. The attendance officer, with the knowledge and approval of the Superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. Where the complaint arises out of the parent's failure to comply with the requirements of § 22.1-258, the attendance officer shall document the school division's compliance with this Code section.

III. Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

IV. Attendance Reporting

Student attendance shall be monitored and reported as required by state law and regulations. At the end of each school year, each public school principal shall report to the Superintendent the number of pupils by grade level for whom a conference was scheduled pursuant to Part II (B) above. The Superintendent shall compile this information and provide it annually to the Superintendent of Public Instruction.

V. Dismissal Precautions

Principals shall not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students shall be released only on request and authorization of parent or guardian. The superintendent shall provide procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal check-out system shall be maintained in each school.

Absences and Tardiness

In case of absence or tardiness, the student will have his parent or guardian contact the school or send a signed note giving the date of absence or tardiness and the reason. A minimum of 160 days attendance of the regular school term of 180 days is required before a

student can be considered eligible for promotion in the elementary schools. In the secondary schools, a minimum of 168 days of attendance will be required of students in all classes. No more than six days of absences may occur per semester.

Parents, students, and teachers will be notified annually of student absence and attendance requirements.

Alternative Education Attendance

Students enrolled in alternative education programs may be exempt from the minimum 160 days of classroom attendance. Students enrolled in the Giles County Alternative Education Program and a non-diploma program approved by the School Board, may be provided a waiver of the 160 day requirement. The Superintendent shall provide procedures to address the availability of such waivers.

Truancy Officers Guidelines

1. Letters concerning truancy will be sent home by the school following the third and fifth days of absence.
2. Assistant principal will make contact with the parent following the fifth day of absence to verify the authenticity of excuses.
3. Truancy Officer/NRVCS Counsellor will make a home visit to the parent following the sixth day of absence. If the parent is not home, a door notice will be left for the parent to call the school. The officer will notify the parent at this time if absenteeism continues without proper documentation (doctor notes/court related/etc.), court action will be necessary.
4. After the 7th day absent, the student and parent/guardian will be required to attend a meeting at the Giles County School Board Office. The assistant principal, SRO and NRVCS rep from NHS will also be in attendance
5. After the 8th day, the Truancy Officer will acquire the needed legal documents to require parent to appear in court.
6. The principal has the authority to determine verification of this process and intervene at any stage.
7. The assistant principal/SRO will maintain a monthly log of all truancy officer contacts. A copy of this log will be sent to the School board Office at the end of each month.

The Truancy Officer will address school tardies by phone when they exceed a total of five. The officer will also be available to make home visits on tardies, when directed by the principal. The duties of the Truancy Officer/NRVCS Counsellor involved require extreme confidentiality.

AUTOMOBILES

Students who wish to drive to school must obtain a registration form from the Chelle Mosley (Book Keeper). The form must be completed, signed, and returned to obtain driving privileges. If a student will be driving more than one vehicle to school, a parking sticker for each vehicle will need to be obtained. There is a \$20.00 fee per vehicle registered. Students that do NOT purchase their parking pass in a timely manner could face disciplinary action or lose their privilege to drive to school. Any student that drives to school and parks off school property will face disciplinary consequences.

PARKING VIOLATIONS:

1. Unregistered vehicle
2. Improper parking
3. Not in assigned space

The above parking violations will bring the following penalties:

1st offense: 3 demerits

2nd offense: ISS

3rd offense: Suspension of driving privileges for 2 school weeks.

4th offense: Car will be towed at owner's expense and driving privilege will be revoked for 4 school weeks.

Students are not allowed to park in the lots adjacent to the Voc. Ag., or Ind. Arts buildings, etc. Students are not to park in front of the school, off school grounds or in any spaces other than their assigned space. When you arrive at school, park your car and go immediately and directly to the building. The vehicle is not to be moved without permission during the day. If this is not observed, your campus parking privilege will be revoked. Students are not to return to the parking lot at any time during the school day without permission. The parking lot is off-limits during the school day. Failure to observe the above will result in the revoking of your parking privilege, assignment of demerits, or in-school supervision. Visitor parking spaces are reserved and not for student uses unless permission to do so has been granted.

Schools do have the right to monitor parking near school buildings. Students are not to park off school property. Students who park on the street adjacent to the school may be ticketed by a town officer and will be fined, receive demerits, ISS, or OSS for improper parking.

The speed limit on campus is UNDER 10 M.P.H. Exceeding this speed or any other reckless driving act such as spinning wheels, having passengers riding on the outside of the vehicle, etc. will result in a four school week suspension of driving privileges for the first offense. A second offense will result in revocation of driving privileges for the remainder of the school year.

Buses and right-of-way: State law prohibits driving by a school bus while it is stopped to load or unload. Please do not pick students up in front of the school between the hours of 3:00 P.M. and 4:00 P.M.

State law prohibits pedestrians/students from walking between school buses when stopped in front of the school during off loading and loading of students. Failure to abide by this rule will result in a warning for the first offense, demerits for the second offense and ISS for the third offense.

Students should yield the right-of-way to buses when leaving the school campus: School buses are difficult to stop and the line of vision around them is difficult to maintain. When a bus is approaching the intersection between the front of the school and the student parking lot at the end of the day, students will be expected to stop and wait until the buses have exited the front of the school before continuing out of the parking lot.

COMPUTER LABS AND COMPUTER USAGE

At Narrows High School, we try to maintain current computer labs to enhance the learning of our students. We try to make the computer labs available to students when possible. We have three computer labs available for student use. Two of the labs are operated through our business department; the other is a general school lab. We also have a five-station network lab in our library and four stand alone computers. The library is equipped with CD's and the card catalog, all for student use in research. The internet is available for student use. Before any student is allowed access to the Internet, he/she will be required to take and pass a class teaching computer and Internet ethics. Giles County Public Schools and Narrows High School take a strong stand against any violation of federal and/or state laws in the use of technology.

Students who access information from the Internet not intended for public school use will face disciplinary action and possible loss of their computer privileges. If a student accidentally reaches Internet information that is questionable, the student should inform his instructor immediately and the information can be reviewed and tagged from further use if necessary. We will have a screening program in effect. However, we can only do our best to prevent access to questionable information. Students must follow school and county procedures regarding the Internet to insure that they will be viewing quality programming.

When using computers, a student should only use the computers in the manner instructed by the teacher. A student should never gain access to another student's work. If a student gains access accidentally to another student's work, they must immediately exit out of that student's work without making any changes. Gaining access to another student's work and making changes with or without their permission will be considered cheating and dealt with as such. Students should never transfer their work to another student. This also is cheating and will not be tolerated.

Any student caught damaging a computer in any form, whether physical damages or by the spreading of a computer virus, will be responsible for the cost of repairing the computer. Other punishment may be imposed, such as demerits, ISS, OSS, or restriction for using the computers at Narrows High School. Students must understand that the use of technology is a privilege, not a right.

Giles County Public Schools shall not assume any liability, legal, financial or otherwise for the improper use of technology or telecommunication services in violation of this policy, its regulations or procedures.

COMPUTER USAGE

Students are not permitted to:

1. Be in computer labs unsupervised.
2. Change the setup of any school computer.
3. Change the screen savers, desktops, and/or desktop colors.
4. Download any files from the Internet to a school computer.
5. Install any software to any school computer.

11. Logon to the Internet or check e-mail without using their school supplied e-mail
12. Bring or use any music CD's from home to play on the computers.

Students will not take any type of food or drinks into a computer lab or around a computer.

Students should always keep their work area free of trash and unwanted materials when finished.

2. Only use the Internet and/or e-mail:
 - a. After returning the parent permission form.
 - b. After being properly trained by school personnel.
 - c. After receiving permission from a teacher.

TECHNOLOGY, TELECOMMUNICATION SERVICE AND CODE OF CONDUCT

The Giles County School Board requires that all international federal and state laws be not violated in the use of technology or telecommunication services. The Superintendent shall develop necessary regulations and use policies to ensure that adequate notices and precautions are taken regarding the use of technology and telecommunication services.

The use of technology and telecommunication services purchased with and/or utilized by employees, students and parents shall be designated as a privilege, not a right. Therefore, the Superintendent or his designee shall have the authority to cancel those privileges, with our without notice to the user. Disciplinary action may be taken against students and/or staff members regarding violations associated with the use of technology or telecommunication services.

Giles County Public Schools Bring Your Own Device Program Student – Parent/Guardian Regulation

Purpose

Giles County Public Schools recognizes that many students own electronic devices (smart phones, laptops, tablets, etc.) that they may choose to use under teacher direction for instructional purposes. This regulation will allow students to use privately owned electronic devices to access the Giles County Public Schools wireless network. Wireless access provided for personal electronic devices is designed to support students' educational experiences and instructional outcomes. Connecting to the Giles County Public Schools wireless network with personal electronic devices is a privilege, not a right, and is not a requirement for division students. Permission to bring and use privately owned electronic devices is contingent upon strict adherence to Giles County Public Schools guidelines as set forth herein. If a student's use of a personal electronic device disrupts the instructional environment, that student's privileges may be limited or revoked.

General Rules

1. No privately owned electronic device may be attached to any Giles County Public Schools network if a signed Acceptable Computer System Use Policy agreement form, and a signed copy of this regulation are not on file with Giles County Public Schools.
2. This policy does not grant permission for use of personal electronic devices at any or all times. Teacher permission is required for student use of privately owned electronic devices during classroom instruction or the classroom period.
3. Teachers may request at any time that the privately owned electronic device be turned off and put away. Failure to do so may result in disciplinary action and revocation of access to the network.
4. Only the owner of record may use an approved personal electronic device. Teachers will not request that students loan devices to other students.
5. The use of privately owned electronic devices is strictly limited to instructional activities as directed by Giles County Public Schools teaching staff.
6. Recognizing that certain electronic devices may not be appropriate for instruction, personal electronic devices will only be considered for classroom use if they are mobile and have the capability of browsing the Internet. These items include, but are not limited to: laptops, netbooks, tablets, smart phones, and e-readers. The final determination of whether a device is appropriate to connect to the Giles County Public Schools network will be made by Giles County Public Schools staff.
7. Students are prohibited from accessing the Internet using private cellular-based subscriptions through their own Internet Service Provider while engaged in approved electronic device use for instruction in any Giles County Public Schools school or facility.
8. Certain personal devices may not successfully connect to the Giles County Public Schools network if certain technical specifications for wireless protocol are not met by the device.
9. No student shall establish a wireless ad-hoc or peer-to-peer network using his/her electronic device or any other wireless device while on Giles County Public Schools grounds. This includes, but is not limited to using a privately owned electronic device as a cabled or wireless hotspot. Example: Using a personal device as a server so that students can play an online game.
10. Students should not attempt to connect personal electronic devices by cable to the Giles County Public Schools network. Network access is provided via wireless connection only. No privately owned electronic device may be connected to any Giles County Public Schools network using an Ethernet cable plugged into a data jack in the school. Violation of this term will result in disciplinary action and revocation of access to the network.
11. Voice, video, and image capture applications may only be used with prior written teacher permission and for specific instructional purpose(s). Use of photographic devices, either still image or video, shall not be used in an illegal manner or in a way which violates a published Board policy, including, but not limited to the following:
 - a. In a locker room or restroom

- b. In any classroom except under the direct supervision of the teacher
- c. In any place or situation in which a person has a reasonable expectation of privacy, without the person's permission. (If the person is mentally impaired, permission must be obtained from the person's parent or guardian.)
- d. In a way that would violate copyright law
- e. To harass, intimidate, bully another person
- f. To invade a person's privacy

Any image depicting a person in any place or situation in which there is a reasonable expectation of privacy may not be published, broadcast, or transmitted to any other person/device without the consent of the person/persons appearing in the image.

- 12. Sound should be muted unless the teacher grants permission for use of sound associated with the instructional activities.
- 13. No student shall use another student's division-issued log-on credentials.
- 14. No student shall knowingly attempt to gain access to any computer, computer system, computer network, information storage media, or peripheral equipment without the consent of authorized school or division personnel.
- 15. No division-owned academic or productivity software may be installed on personal devices.
- 16. No student shall use any computer or device to illegally collect any electronic data or disrupt networking services. Students may not engage in any malicious use, disruption of or harm to the school network, Internet services, learning environment or any other electronic device owned by the school, school personnel and/or student.
- 17. Students may not attempt to use any software, utilities or other means to access Internet sites or content blocked by school division Internet filters.
- 18. Under the provisions of the Giles County Public Schools' BYOD program, parents who grant permission for students to use their own devices at school, as well as students who bring a personal device do so knowing that it will diminish their expectation of privacy regarding their personal device while at school. The school reserves the right to search a privately owned electronic device in accordance with applicable laws and policies if there is reasonable suspicion that the student has violated federal or state law, Giles County Public Schools policies, administrative procedures, school rules, or engaged in other misconduct while using the device.
- 19. Devices are brought to school at the students' and parents' own risk. In the event that a privately owned device is lost, stolen or damaged, Giles County Public Schools is not responsible for any property, financial, or data loss.
- 20. All terms, conditions, and regulations of the division's Acceptable Computer System Use Policy remain in effect and are in no way superseded by this policy.
- 21. Giles County Public Schools personnel are not authorized to perform maintenance on, nor install or manipulate any product of any type (hardware, operating system, or software) on any personally owned device. Students and parents should not expect technical services of any type for their personal devices to be provided by division personnel.

Consequences of Inappropriate Use

Violation of school or division policies, local, state and/or federal laws while using a personal electronic device while attached to any Giles County Public Schools wireless network, or on Giles County Public Schools property will result in appropriate disciplinary and/or legal action as specified in the Student Code of Conduct, Giles County Public Schools' School Board policy as well as by local, state and/or federal law.

Privately Owned Electronic Device Security Risks

Laptops and other portable electronic devices are vulnerable to loss and theft. Students and parents who grant permission for their children to bring privately owned electronic devices onto school property must assume total responsibility for these devices and be aware of all risks. If a privately owned electronic device is lost or stolen, it is the owner's responsibility to include filing a police report if necessary. Per Giles County Public Schools policy, the school division will not accept responsibility for loss, damage, theft, or non-working personal property. In the event that a student believes that his/her Giles County Public Schools password has been compromised, he/she should immediately reset his/her password using a school division computer.

Recommendations

It is highly recommended that any and all personally owned devices brought on school property have the following:

- Engraved identification indicating the owner of the device.
- Proper storage/carrying bag or other protective cover.
- Proper licenses for all software installed.
- Reputable anti-virus/anti-malware software with current subscription for updates.

A program of driver education in the safe operation of motor vehicles and knowledge of rules, regulations and laws shall be offered in the high schools. The program shall consist of classroom training and “behind the wheel training.”

The School Board may establish fees that do not exceed the limit established by the State Department of Education, for the “behind the wheel” portion of the program. The program shall include instruction concerning alcohol and drug abuse, aggressive driving and motorcycle awareness.

No student shall be permitted to operate a motor vehicle without a learner’s permit or a license. Necessary certification of students’ academic standing and compliance with compulsory attendance laws shall be provided by the administration to the Department of Motor Vehicles upon request, in accordance with state law.

At the beginning of each school year and thereafter as necessary, the Superintendent shall report to the Department of Motor Vehicles the name and driver’s license number of all persons providing instruction in driver education for the school division.

EXAM POLICY

Exam Requirements:

All students' grades 8-12 shall be required to participate in an end-of-course evaluation. This shall be in one of the following formats (or a combination):

1. In the core courses (English, math, science, and history), a final exam shall be required. In all courses designated as additional academic requirements for the advanced studies diploma (i.e. foreign language), an exam shall be required. Such exam shall be comprehensive; teacher prepared, and focused on identified SOLs.
2. In other courses, the final evaluation option will be a comprehensive exam of end-of-course project-demonstration. The teacher shall determine the format of final evaluation based upon the exam policy requirements. Proposals for the final exam/demonstration project shall be submitted to the principal for approval.
3. A description of the end-of-course evaluation shall be communicated to students at the beginning of the school year in the course syllabus.

Exam Length:

Sites shall determine a schedule that will permit the completion of exams over a 1 day span as appropriate. If teachers choose the demonstration/project option these may be scheduled as appropriate. The intent shall be that no student is scheduled for more than 3 exams/activities in any one school day. SOL exams shall be scheduled as determined by state testing protocol.

Semester Exam Incompletes

Any student who misses an exam must have a doctor's excuse or prior approval of the administration. Failure to follow this procedure will result in failure for the semester. An incomplete for any six weeks term or failure to take a final exam will result in an "F" for the class in question. Due to the need for review and the pressures placed upon teachers, exams will not be given early to students unless for a very critical reason.

File: IKAB-R

Exam Exemptions:

1. Seniors who have a “B” average or higher for the entire course shall be exempt from the final exam/demonstration requirement.

2. Upon securing of Standards of Learning test results before the scheduled dates for final exams, students will be allowed the option of waiving their final exam if they have been successful on the Standards of Learning test associated with the course.
3. For those students who are not successful on the Standards of Learning test or who fail the course, they must take the final exam/project and it shall count the current 1/7 of the final grade.
4. For those courses that do not have a Standards of Learning test, the current policy of a final exam/project given to count 1/7 of the final grade will continue.

No exemptions will be made for classes considered weighted by Giles County School policy.

It is recognized that there may be situations where students have legitimate, excused absences and are not able to take SOL or other end-of-course exams. These situations will be dealt with on a case-by-case basis to determine exemption from exam requirements.

Mid-Course Exams:

The option exists for mid-course exams/projects to be administered. It is recommended that these be similar in format to state SOL tests or end-of-course exams designed by the teacher. Grades for these evaluations shall be incorporated into the appropriate six weeks' grade. Schools may develop a schedule for administering exams. There shall be no release from attendance during this period.

Exam Cancellation:

With the implementation of these guidelines, exams/demonstrations shall not be cancelled except under extraordinary circumstances. Scheduling for administration shall be made as appropriate prior to the end of the course. Exams shall be scheduled to end on the last day of the course.

FIRE DRILLS

An exit plan for fire drills is posted beside the door in each classroom. Fire drills are necessary for the safety of the students and faculty. Everyone should know the specific directions for reaching a point of safety from those areas of the building in which he/she may be. Fire drill information is posted beside the door in each room.

General Rules for Fire Drills:

1. Direct students nearest to open windows to close them.
2. Students will follow designated exit instructions, keep in single file, walk, not run, refrain from talking, and proceed to a distance approximately 100 feet from point of exit.
3. The teacher should be the last to exit the room.
4. The teacher will take attendance when the group has reached its proper distance from the building.
5. When the all-clear signal is sounded, all will return to their classrooms in the same orderly fashion.
6. There will be no "horseplay" by students.
7. A constant ringing of the buzzer and/or a constant ringing of the bells, and/or an announcement over the PA system can be used to indicate a drill.

NOTE: Fire drills are very important and serious exercises which may save your life. Students are expected to act accordingly.

GUIDANCE AND COUNSELING SERVICES

The guidance and counseling programs at NHS are designed to assist students in academic development and course selection, testing and appraisal, career and college planning, and personal/social development. Counseling programs include study skills, anger management, career development, and counseling for personal difficulties.

Materials used in the guidance and counseling program are available for parental review. Interested parents should schedule an appointment with the school counselor for this purpose.

A parent may wish to limit participation of his/her child in the Giles County Secondary School Guidance and Counseling Program. In this circumstance, the parent/guardian should contact the school principal for further information. For answers to other questions or further information, please contact the appropriate school official.

Academic Development and Course Section: Through individual and group guidance, students are made aware of course offerings, and to state and local requirements for graduation. Early in the second semester of each year students are assisted in the selection of courses for the following year. Through careful consideration approved by the student, the student's parents and the counselor, a schedule is planned. All teachers are carefully selected for their ability and student assignment to classes is accomplished impartially. Please do not expect the counselor to change from one teacher's class to another.

Schedule Change Information:

1. Schedule changes will be made if a student has failed a class and needs to make it up.
2. Schedule changes may be permitted if the student is requesting to be assigned to a more difficult class.
3. Schedule changes may be permitted if a student has not demonstrated mastery of skills required for pre-requisite course.
4. Changes will be made when the class is full.
5. Once individual meetings are held with students to finalize schedules, no changes will be made unless it is justified.
6. Students have 4 days from the start of each semester to make a schedule change. Schedule changes after 4 days, for unforeseen circumstances, will be directed to the Principal.

Course Credit: One unit (one credit) per course per year is earned by successfully completing the requirements for each course taken. Students can earn up to 4 credits per semester. Each student must be qualified with a marketable skill or prepared for college entry at the time of graduation.

Because of the Standards for Accrediting Public Schools in Virginia, July 1988, changes occurred in requirements for students to graduate from high school. The new graduation requirements became effective with the ninth grade class of 1988-89.

All students need to plan an appropriate high school course of study for grades 9-12. To get the most from their high school experiences, students need guidance and assistance in selecting courses in terms of sequence, and relating courses to a possible post high school career choice.

Early program planning can have a substantial impact on the development of a good education and career plan by students in high schools. Parent involvement is a significant aspect of the planning process. The Secondary Counseling Program encourages a cooperative relationship between school and home. This is accomplished through working closely with students, parents, teachers

Information Concerning College Courses: Parents are financially responsible for students who enroll in college courses (e.g. New River Community College) outside those offered at and approved by Giles County Public Schools. In order for college courses to be used for high school GPA ranking, they cannot be offered at the high school and must be pre-approved by the principal (parents must submit letter of request). The principal may take into consideration scheduling conflicts when making the determination.

Testing and Appraisal: The Counseling Department is responsible for coordinating and administering school, county, state, and national testing programs. The counselor will assist the student and the student's parents in interpreting the results and meaning of tests when desired. The Counseling Department also has several vocational batteries that are simple and easy for the student to take and will help the student match his/her particular interests with compatible jobs. For further information on these tests and batteries, please contact the counselor or your homeroom advisor. **IT IS EXTREMELY IMPORTANT THAT EVERY STUDENT DO THEIR BEST ON ALL STANDARDIZED TESTS.** These tests are not only used for program placement but are also used by employers and college admissions offices.

SOA/SOL Reference - "The State of Virginia Standards for Accrediting Public Schools in Virginia (8 VAC 20-131-10) requires that annually, information regarding Standards of Learning, Graduation Requirements, Consequences of the SOL Testing program, and course syllabus information be provided to parents. Such information will be sent home with students during the month of September".

SOL Remediation - Students who fail one or more of the SOL grade level of end-of-course test will be provided remedial assistance. This may be during a required time, as a specific course, or part of an out-of-school or summer program.

College and Career Planning: The Counseling Department maintains an information center located in the library and counseling office that contains numerous catalogs, videos, and directories on hundreds of colleges and universities. You are welcome to visit the center and look at these materials during the normal school day. If preferable, a student may check out any college catalog overnight or over a weekend. In addition to guidance units in the classroom, your counselor will be glad to assist students through individual conferences with student college plans. NOTE: If a student plans to search for a job, interview, or test for an employment opportunity during school hours, prior arrangements with a counselor and the attendance director are necessary before the day of the appointment. These absences will count against the county exam exemption policy.

Personal/Social Counseling: Personal/social counseling assists students in developing an understanding of themselves and of the rights and needs of others, in resolving conflict, and in defining individual goals, reflecting their interests, abilities, and aptitudes. Such counseling focuses on specific concerns.

VISITING THE COUNSELING OFFICE

- Students should have a note from their teacher when they come to the counseling office.
- Students are responsible to make up any work missed in class while in the counseling office.
- Students coming to the counselor without a note from the counselor or a teacher will be sent back to class.
- Students should make every effort to visit the counseling office during an elective, and should not come to from an academic class without a note from the counselor stating that they are needed at that specific time.
- Students need to arrange appointments with the counselor through the counseling secretary or the counselor.
- Students leaving the counseling office should get a timed hall pass from either the guidance secretary or the counselor and return to class within five minutes of the time written on that pass.
- Spare time before school, between classes, or at lunch should be used to come to counseling office to arrange an appointment and get a note to show the teacher.

INFORMATION CONCERNING NRCC CLASSES

Parents are financially responsible for students who enroll in college courses outside those approved by Giles County Public Schools. In order for college courses to be used for high school GPA ranking, they cannot be offered at the high school and must be pre-approved by the principal (parents must submit letter of request). (The principal may take into consideration scheduling conflicts.)

Furnish College Information:

The Guidance Department maintains an information center located in the library and guidance office that contains numerous catalogs, videos, and directories on hundreds of colleges and universities. You are welcome to visit the center and look at these materials during the normal school day. If preferable, a student may check out any college catalog overnight or over a weekend. In addition to guidance units in the classroom, your counselor will be glad to assist students through individual conferences with student college plans. NOTE: If a student plans to search for a job, interview, or test for an employment opportunity during school hours, prior arrangements with a counselor and the attendance director are necessary before the day of the appointment. These absences will count against the county exam exemption policy.

Course Credit: One unit (one credit) per course per year is earned by successfully completing the requirements for each course taken. Students can earn up to 4 credits per semester. Each student must be qualified with a marketable skill or prepared for college entry at the time of graduation.

GRADUATION CEREMONY PARTICIPATION REQUIREMENTS:

DRESS CODE FOR GRADUATION: Boys will be required to wear a dress shirt, dress or casual pants and dress shoes. Girls will be required to wear a dress or pant suit and dress shoes. No flip flops, halter tops or shorts will be allowed.

The 1995-96 school year was the last year that students could participate in graduation ceremonies without having completed all academic requirements for graduation prior to the ceremony. Also, no diplomas will be awarded until students have completed all requirements set forth by the State of Virginia and the Giles County Board of Education.

Seniors who have outstanding financial obligations owed to the school must have these obligations met before being allowed to participate in graduation ceremonies.

Students should be sure to see their guidance counselor each year to plan their schedules for the following year. If a student fails a class and needs summer school, the guidance counselor will have information about where summer school classes can be taken.

The Standards of Quality for Public School in Virginia, July, 1988, (Standard 1) specify the granting of a special diploma or certificate to students who meet certain requirements as described on the following pages.

Types of Diplomas: The Board of Education has approved two types of diplomas and set minimum course requirements for each. Individual school divisions may have additional course requirements.

GIFTED EDUCATION PROGRAM:

The Giles County Public Schools Gifted Education Program is for students in grades 4-12 whose academic aptitudes require that they receive a differentiated educational program to further meet their needs. Nomination forms are available from the counselor and the Coordinator of Gifted Education. Completed forms should be forwarded to the Coordinator of Gifted Education for processing. Nominations/referrals are ongoing, but in order to be processed by the end of the current school they should be received not later than April 1 of the current year.

ADVANCED PLACEMENT CLASSES AND SPECIAL PROGRAMS

File: IGBI

Students and their parents shall be notified of the availability of dual enrollment, advanced placement classes, the International Baccalaureate program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. Students and their parents shall also be notified of the program with a community college to enable students to complete an associate's degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma. The Superintendent shall promulgate regulations to implement this policy, which shall ensure the provision of timely and adequate notice to students and their parents.

GRADING SYSTEMS

Procedure for Computing Term Grades (Secondary)

In computing term grades, numerical scores for each class taken are averaged as follows

EXCEPTION: For schools on a four/four block schedule, classes shall be averaged as follows:

First Six Weeks' Grade	2/7
Second Six Weeks' Grade	2/7
Third Six Weeks' Grade	2/7
Final Exam/Project Grade	1/7

The numerical grades for semester and/or term averages are determined through use of a term grade which is converted to a letter grade for permanent records. Letter grades are determined from the following numerical scale:

A	90 – 100	Excellent
B	80 - 89	Good
C	70 - 79	Average
D	60 - 69	Below average
F	Below 60	Failing

GPA/CLASS RANK

Class rank is a factor also used by some colleges in the selection of students. However, because of the difficulty of developing and implementing a class rank system that accurately and fairly depicts students' performance, the Giles County Public Schools will not rank students within their class, beginning with the graduating class of 2007. For the purposes of facilitating college applications, the average GPA of a class will be listed on transcripts issued to colleges. In addition, grade distribution charts, a description of the weighted Grade Point Average, and other information will be included in the school profile provided to colleges to which Giles County students apply for admission.

For the purposes of recognition, each school will recognize all seniors earning a 4.0 or greater grade average. This recognition will also be a part of each high school's graduation program.

For a secondary student who fails a class, that grade will be counted in his GPA. If the class is a required class, it must be repeated. The passing grade will also count in the GPA.

If a student passes a class with a C or D, they may elect to repeat it. This student must be in the 9th grade or higher, with the exception of credit courses (Latin, Algebra, Spanish, and others that may be identified by school administration). They can take the higher of the two grades to count towards their GPA. If the class is repeated, the original grade must show on the transcript/course history as no credit.

HONOR ROLLS AT NHS:

Narrows High School offers students the possibility of earning academic recognition by achievement that places them on one of three honor rolls.

1. **Advanced Placement Honor Roll:** Any student who is taking at least one Advanced Placement class shall be eligible for this list. The student must make an A in each of their non-AP courses and either an A or B in their AP class(es) in order to be cited as an AP Honor Roll Student.
2. **All A Honor Roll**
3. **A-B Honor Roll**

GRADUATION DATE: Due to school cancellations for bad weather, etc., it is impossible for anyone to know when the school year will end at the outset of the year. The approved school calendar for this year says that a graduation date will be set no later than March 15th.

NATIONAL MOTTO

The statement "'In God We Trust,' the National Motto, enacted by Congress in 1956" shall be posted in a conspicuous place in each school for all students to read.

REMEDIATION INSTRUCTION PROGRAM

Literacy and Standard of Learning Assessment Tests

The School Board shall implement programs of prevention, intervention or remediation for students who are educationally at risk, including those who fail to achieve a passing score on any Standard of Learning assessment in grades three through eight, or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research based.

Any student who passes one or more, but not all of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails all of the Standards of Learning assessments for the relevant grade level in grades three through eight shall be required to attend a summer school program or participate in another form of remediation. Such summer school program or other form of remediation shall be chosen by the school division to be appropriate to the academic needs of the student.

The requirement for remediation, may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation which has been selected by his parent, in consultation with the Superintendent or designee, and is either (i) conducted by an accredited private school or (ii) a special program which has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

Instruction

In designing the division remediation programs required by the Standards of Quality the School Board shall annually evaluate and modify, as appropriate, the remediation plan based on an analysis of the percentage of students meeting their remediation goals and consideration of the pass rate on the Standards of Learning assessments.

The program shall include, when appropriate, a procedure for early identification of students who are at-risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit required for the student's graduation. Such students shall be provided appropriate remediation activities.

Compulsory Attendance

When a student is required to participate in a remediation program pursuant to this policy, the Superintendent may seek immediate compliance with the compulsory school attendance laws if a reasonable effort to seek the student's attendance, including direct notification of the parents of such student of the attendance requirement and failure of the parents to secure the student's attendance, have failed and the superintendent determines that remediation of the student's poor academic performance, passage of the Standards of Learning Assessment in grades three through eight, or promotion is related to the student's attendance in the remediation program.

Reporting

The Giles County School Division will annually report the following information to the Board of Education, pertaining to students eligible for remediation:

- The number of students failing a state-sponsored test required by the Standards of Quality or Standards of Accreditation;
- A demographic profile of students attending state-funded remedial programs;
- The academic status of each student attending state-funded remedial programs;
- The types of instruction offered;
- The length of the program;
- The cost of the program;
- The number of ungraded and disabled students, and those with limited English proficiency;
- As required, the pass rate on Standards of Learning assessments; and
- The percentage of students at each grade level who have met their remediation goals.

STUDENT CONDUCT

The standards of student conduct are designed to define the basic rules and major expectations of students in the public schools of Giles County. It is the responsibility of the Giles County School Board to adopt policy and regulations and the administration to issue regulations establishing rules of conduct for student behavior in order to protect the health, safety and welfare of its students. The local school principal has the responsibility and authority to exercise reasonable judgment in enforcing this Code of Conduct. Principals are responsible for ensuring that all students, staff members, and parents are provided the opportunity to become familiar with this policy.

The superintendent shall issue Standards of Student Conduct, and a list of possible corrective actions for violation of the Standards of Conduct. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights. The Standards of Student Conduct and a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law shall be sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of the Standards of Student Conduct, the requirements of Va. Code & 22.1-79.3, and the compulsory school attendance law shall also be sent. Parents shall be notified that by signing the statement of receipt, parents are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school shall maintain records of the signed statements. The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or his designee to review the School Board's Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress. The administrator of the building should exercise reasonable judgment and consider the circumstances in determining the disciplinary action to be administered.

Each student has the right to expect an educational environment in which he or she can strive to achieve his or her intellectual potential. The student is expected to attend school regularly, be diligent in his/her studies and conduct him/herself in such a way that the rights and privileges of others are not violated. The student is expected to accept and demonstrate the obligation of good citizenship to help prevent problems from happening and help solve problems if they occur.

All parents are expected to assume responsibility for the student's behavior and assist the school in enforcing the Standards of Student Conduct and compulsory school attendance. Parents are also expected to maintain regular communication with school authorities, monitor and require daily attendance, and bring to the attention of the school authorities any problem that affects the student or other children in the school. It is the parents' responsibility to notify the school of any unusual behavior pattern or medical problem that might lead to serious difficulties.

The school principal may notify the parents of any student who violates a School Board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or his designee shall notify the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

If a parent fails to comply with the requirements of this policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

Students are subject to corrective action for any misconduct that occurs:

- in school or on school property
- on a school vehicle
- while participating in or attending any school sponsored activity or trip
- on the way to and from school; and
- off school property, when the acts lead to: (1) notification pursuant to Va. Code §16.1-305.1 or a conviction for an

offense listed in Va. Code § 16.1-260, (2) a charge that would be a felony if committed by an adult, or (3) disruption of the learning environment.

Unlawful acts which will lead to police notification and may lead to suspension from classes, exclusion from activities, or expulsion include but are not limited to:

- possession or use of alcohol, illegal drugs, including marijuana, synthetic cannabinoids as defined in Va. Code § 18.2-248.1:1, and anabolic steroids or drug paraphernalia
- selling drugs
- assault/battery
- sexual assault
- arson
- intentional injury (bullying, fighting)
- theft
- bomb threats, including false threats, against school personnel or school property
- use or possession of explosives (see Policy JFCD Weapons in School)
- possession of weapons or firearms (see Policy JFCD Weapons in School)
- extortion, blackmail, or coercion
- driving without a license on school property
- homicide
- burglary
- sex offenses (indecent exposure, obscene phone calls, sodomy and child molestation)
- malicious mischief
- shooting
- any illegal conduct involving firebombs, explosive or incendiary devices or materials, hoax explosive devices or chemical bombs
- stabbing, cutting or wounding
- unlawful interference with school authorities including threats
- unlawful intimidation of school authorities; and
- other unlawful acts including being an accessory to any of these or other unlawful acts.

Any student involved in a reportable drug or violent incident shall participate in prevention and intervention activities deemed appropriate by the Superintendent or superintendent's designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

The superintendent shall issue regulations listing additional actions which may be cause for corrective action and if serious enough or exhibited repeatedly may lead to suspension or expulsion.

The School Board shall biennially review the model student conduct code developed by the Board of Education to incorporate into policy a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

The regulations of the code below will apply in all situations in which students are involved including: school activities on property owned by the Giles County School Board; travel on school buses; off-site school sponsored activities; on or off-site school related problems which are the result of disruptive behavior on school grounds. This code of conduct is intended to be used as a guide for school personnel in administering disciplinary actions against student violators. The code has two parts: the individual standards of conduct, and disciplinary actions for first and repeated offenses. It should be emphasized under first offenses that parents would be notified when there is a flagrant violation of any school rule or regulation. In school supervision is a disciplinary action that is available to administrative staff regarding any standards of conduct violation. In addition, at the secondary level, certain student privileges can be suspended for violation of standards of conduct. Those include, but are not limited to, suspension from driving to school.

While due process procedures for student suspensions and expulsions apply to students with disabilities, there are additional procedural protections that must be met. These procedural protections are applicable whenever a local school division is contemplating a long-term suspension, expulsion, or release from compulsory attendance.

N.H.S. DRESS CODE:

Proper dress is required of all students. A student's dress and appearance shall not be such that it causes disruption, distracts others from the educational process or creates a health or safety problem. In addition to the following JFC, students must comply with specific building dress regulations below. The only exceptions to these rules are approved gym suits or school activities uniforms. Students must comply with these regulations or disciplinary action will be taken.

*** Due to changing trends and styles, the school building administrator reserves the right to address and discipline any student that creates any disruption/distraction/controversy related to the dress code that is not covered in our dress code policy.**

Students are expected to dress appropriately for a K-12 educational environment. Any clothing that interferes with or disrupts the educational environment is unacceptable.

1. Clothing with language or images that are vulgar, discriminatory, or obscene, or clothing that promotes illegal or violent conduct, such as the unlawful use of weapons, drugs, alcohol, tobacco, or drug paraphernalia or clothing that contains threats such as gang symbols is prohibited.
2. Clothing should fit, be neat and clean, and conform to standards of safety, good taste and decency.
3. Clothing that exposes cleavage, private parts, the midriff, or undergarments, or that is otherwise sexually provocative, is prohibited. Examples of prohibited clothing include, but are not limited to: sagging or low-cut pants, low-cut necklines that show cleavage, tube tops, halter tops, backless blouses or blouses with only ties in the back, clothing constructed of see-through materials and head coverings unless required for religious or medical purposes.
4. Hats or head coverings (including hoodies) will not be worn in the building at any time
5. Additionally, disciplinary action will be taken against any student taking part in gang-related activities that are disruptive to the school environment, which include the display of any apparel, jewelry, accessory, tattoo, or manner of grooming that, by virtue of its color, arrangement, trademark, or any other attribute, denotes membership in a gang that advocates illegal or disruptive behavior. Parents of students requiring accommodation for religious beliefs, disabilities, or other good causes should contact the principal. Students not complying with this policy will be asked to cover the noncomplying clothing, change clothes or go home.

DRUGS IN SCHOOL

I. Generally

Possession of a controlled substance, imitation controlled substance or marijuana, as defined in Va. Code § 18.2-247 or synthetic cannabinoids as defined in Va. Code § 18.2-248.1:1, on school property or at a school-sponsored activity is prohibited.

A. Expulsion

A student who is determined to have brought a controlled substance, imitation controlled substance or marijuana, or synthetic cannabinoids as defined in Va. Code § 18.2-248.1:1, onto school property or to a school-sponsored activity may be expelled in accordance with Policy JGD/JGE Student Suspension/Expulsion. The superintendent may determine, based on the facts of the particular case that special circumstances exist and another form of discipline is appropriate. Any such disciplinary action shall be taken in accordance with Article 3 of Chapter 14 of Title 22.1 of the Code of Virginia.

B. Prevention and Intervention

Any student who violates this policy shall participate in the prevention and intervention activities identified in Giles County school division's drug and violence prevention plan.

The School Board may require any student who is in possession of or under the influence of drugs at school or school-sponsored activities to: (1) undergo evaluation for drug abuse and (2) participate in a drug treatment program if recommended by the evaluator and if the student's parent consents.

C. Required Reporting to Parents and Local Law Enforcement

The Principal shall report a violation of this policy to parents and local law enforcement as required by Policy CLA.

II. Students with Disabilities

A. Students with disabilities are subject to the provisions of Section I of this policy and may be disciplined to the same extent as a nondisabled student provided the manifestation review committee determines that the violation was not a manifestation of the student's disability. The provisions of Policy JGDA Disciplining Students with Disabilities will be followed in addition to the regular disciplinary procedures.

B. Additional authority to remove a student with a disability from school for a drug violation.

1. In addition to the authority granted in subsection A above, a student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. The removal should not be in excess of any removal imposed on a student without a disability for the same offense.
2. For purposes of this forty-five (45) school day removal, "illegal drugs" and "controlled substance" are defined as follows:
 - a. Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in § 202(c) of the Controlled Substances Act at 21 U.S.C. § 812(c).
 - b. Illegal drug means a controlled substance, but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.

STUDENT CONDUCT ON SCHOOL BUSES

Transportation of Students

The Board of Education may furnish transportation to resident students enrolled in the schools of the division who satisfy the following requirements:

- 1) Reside within the attendance area of the school(s) served;
- 2) Reside beyond approved walking distances;
- 3) Are present at their designated bus stops at least five minutes before the regular pick up time, but no earlier than ten minutes before the bus arrives; and
- 4) Comply with division standards and regulations in their conduct and behavior.

Student Conduct on School Buses

In the interest of the safety and welfare of school bus passengers, the Board of Education desires the Superintendent of Schools and his designees to establish and enforce strict school bus discipline and safety regulations. Students who do not conform to all regulations and directives concerning discipline, safety and conduct or whose behavior could be detrimental to the safety or welfare of others or the safe operation of the bus may have their riding privileges suspended or revoked in accordance with this policy.

Procedure for the Use of Video (with audio) Cameras on School Buses

- 1) Cameras will be located on all regular route school buses and most spare buses.
- 2) The digital cameras turn on automatically when the ignition is started and remain on for 30 seconds after the ignition is turned off. It is the driver's responsibility to ensure that the camera is recording whenever students are on the bus. When there is a situation on a specific bus, an administrator will secure the hard drive off the bus to review (with or without the driver present). Upon securing the hard drive, another drive will be placed in the bus immediately by the administrator. Digital drives re-record after approximately 7 -10 days of bus runs.
- 3) While parents of students may be permitted to view video footage of their children, parents may not view video footage that involves the activities of other children. The exception is that children who are in the background, and are not involved in the incident in question, are considered "set dressing" and may be included in the video being viewed. In the case where there is more than one student that is the focus of the video, the school may provide parents of those students access to the video. The school may not give a copy of the video to such parents without the consent of the other students' parents.
- 4) Tapes that contain discipline problems shall be maintained by the school until full disposition of the infraction or as long as directed by the Superintendent or his designee.

Procedural Guidelines

The following general procedural guidelines should be followed when administering this policy:

- 1) Initially bus drivers should try to resolve the discipline problem or violation of rules directly with the students(s) involved. Bus drivers will also attempt to confer with parents and request their cooperation in resolving the problem. These actions should be documented by the driver.
- 2) For problems not resolved by step 1 or in cases of more serious discipline or safety problems, a discipline referral is to be made to the school principal or their designee. In such cases, unless more severe sanctions appear warranted, the administrator or designee will give the student a formal warning, notify the parents and provide the parents with a copy of the discipline referral.
- 3) If a problem occurs which results in a second discipline referral or, in the case of an initial discipline referral involving a serious discipline or safety problem, the following procedure shall apply:
 - a. The administrator will advise the student of the charges in the presence of the bus driver.
 - b. If the student denies the charges, the administrator will explain the evidence against the student and give the student an opportunity to present the student's side of the incident.
 - c. If, on the basis of this discussion, the administrator believes the student to be guilty of the misconduct charged, the administrator will suspend the student's bus riding privileges for one (1) to five (5) school days.
 - d. The administrator shall immediately notify the parents of the suspension of bus riding privileges, orally and in writing, the grounds for such suspension, the duration of such suspension and the time and place for the parents to meet with the administrator to review the suspension. Such meeting shall be held prior to reinstatement of the student's bus riding privileges. The parents shall also be provided with a copy of the discipline referral.
- 4) If a student, who has previously had bus riding privileges suspended during the current school year, receives another discipline referral, the administrator will follow the procedures in steps 3.a through d. above with the following modifications:
 - a. If the administrator believes the student to be guilty of the misconduct charged, the administrator will suspend the student's bus riding privileges for five (5) to ten (10) school days; and
 - b. The student's bus riding privileges will not be reinstated until a meeting with the parents and the administrator has taken place or until, in the discretion of the administrator, the parents have substantially agreed to review the suspension. The administrator may also reinstate such privileges where the parents cannot be contacted or if the parents repeatedly fail to appear for scheduled meetings.

- 5) If a student, who has twice previously during the current school year had bus riding privileges suspended, receives another discipline referral, the administrator will follow the procedures in steps 3.a. through d. above with the following modifications:
 - a. If the administrator believes the student to be guilty of the misconduct charged, the administrator will suspend the student's bus riding privileges or thirty (30) school days; and
 - b. The student's bus riding privileges will not be reinstated until a meeting with the student, the parents, the bus driver and the administrator has taken place.
- 6) In cases of severe and/or continuing problems, the school principal or Superintendent or his designee may, after following the steps in 3.a. through d. above, suspend privileges for an additional fifteen (15) days, during which time an informal hearing will be scheduled before the Superintendent of Schools with the student, the parents and division officials for the purpose of considering the revocation of the student's bus riding privileges for the remainder of the current school year.
- 7) An appeal may be taken to the Board of Education from any decision of the Superintendent revoking a student's bus riding privileges.
- 8) These guidelines shall not preclude the school principal, the Superintendent or his designee, from eliminating any of the steps in the process, if in their judgment the misconduct by the student warrants more severe action.

This policy and applicable regulations shall not be limited in their application to bus riding privileges alone, bus shall also extend to all division provided or supervised transportation. Disorderly conduct by students as bus stops shall be reported and acted upon in the same manner as misconduct on buses.

Nothing contained in this policy shall preclude the imposition of other disciplinary measures as appropriate, including suspension or expulsion from school, in accordance with other division policies and procedures.

DISCIPLINE OF STUDENTS WITH DISABILITIES FOR INFLICTION OF SERIOUS BODILY INJURY

A student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. DISCIPLINE REGARDING ALTERNATIVE EDUCATION STUDENTS RETURNING TO THE REGULAR SCHOOL PROGRAM:

Students returning from the Alternative Education Program into the regular school program will not be given the same number of chances to violate the school discipline code, as will students that have not been in the AEP program. This is due to the large number of disruptive infractions previously incurred by these students. Students returning from the AEP program will be referred for long-term suspension or for removal from the Narrows High School regular educational program for disruptive behavior that leads to their third referral to a Narrows High School administrator during a semester or 4 referrals over the course of two semesters. Extremely serious behaviors such as defiance, threats or violence toward others can result in a request for immediate long-term removal from the Narrows High School educational program.

Any student for whom the division superintendent of the school division in which the student is enrolled has received a report pursuant to Va. Code sec. 16.1-305.1 of an adjudication of delinquency or a conviction for an offense listed in subsection G of Va. Code section 16.1-260 may be suspended or expelled from school attendance.

The authority of teachers to remove students from their classes in certain instances of disruptive behavior shall not be interpreted to affect the operation of this Policy.

III. SHORT-TERM SUSPENSIONS

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal, assistant principal, or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts, and opportunity to present his version shall be given as soon as is practical thereafter.

Upon suspension of any pupil, the principal, assistant principal, or teacher responsible for such suspension shall report the facts of the case in writing to the division superintendent or his designee and the parent of the pupil suspended. The division superintendent or his designee shall review forthwith the action taken by the principal, assistant principal, or teacher upon a petition for such review by any party in interest and confirm or disapprove such action based on an examination of the record of the pupil’s behavior.

The decision of the division superintendent or his designee may be appealed to the school board unless the school board has provided by regulation that the decision of the division superintendent or his designee shall be final.

Any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days shall include notification of the length of the suspension, information regarding the availability of community-based educational programs, alternative education programs or other educational options, and of the student’s right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program, or alternative education program or educational option, which is not a part of the educational program offered by the school division, shall be borne by the parent of the student.

IV. LONG-TERM SUSPENSION

A pupil may be suspended from attendance at school for more than ten days after written notice is provided to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the school board, or a committee thereof, or the superintendent or his designee, in accordance with regulations of the school board. If the regulations provide for a hearing by the superintendent or his designee, the regulations shall also provide for an appeal of the decision to the full school board. Such appeal shall be decided by the school board within thirty days.

The written notice of a suspension for more than ten days shall include notification of the length of the suspension and shall provide information concerning the availability of community-based educational, alternative education, or intervention programs. Such notice shall also state that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the school board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension shall be borne by the parent of the student.

Nothing herein shall be construed to prohibit the school board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the school board for the term of such suspension.

V. EXPULSION

A. Generally

Pupils may be expelled from attendance at school after written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the school board in accordance with the regulations of the school board. The regulations shall provide for subsequent confirmation or disapproval of the proposed expulsion by the school board regardless of whether the pupil has exercised the right to a hearing.

The written notice given to the pupil and his parent shall include notification of the length of the expulsion and shall provide information to the parent of the student concerning the availability of community-based educational, training, and intervention programs. The notice shall also state whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the school board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his expulsion shall be borne by the parent of the student.

Nothing in this Policy shall be construed to prohibit the school board from permitting or requiring students expelled pursuant to this Policy to attend an alternative education program provided by the school board for the term of such expulsion.

If the school board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice shall also advise the parent of such student that the student may petition the school board for readmission to be effective one calendar year from the date of his expulsion, and of the conditions, if any, under which readmission may be granted.

The school board shall establish, by regulation, a schedule pursuant to which such students may apply and reapply for readmission to school. Such schedule shall be designed to ensure that any initial petition for readmission will be reviewed by the School Board or the Division Superintendent, and, if granted, would enable the student to resume school attendance one calendar year from the date of the expulsion. If the Division Superintendent denies such petition, the student may petition the School Board for review of such denial.

B. Conduct Giving Rise to Expulsion

Recommendations for expulsions for actions other than those specified below shall be based on consideration of the following factors:

- the nature and seriousness of the conduct;
- the degree of danger to the school community;

- the student’s disciplinary history, including the seriousness and number of previous infractions;
- the appropriateness and availability of an alternative education placement or program;
- the student’s age and grade level;
- the results of any mental health, substance abuse, or special education assessments;
- the student’s attendance and academic records; and
- other appropriate matters.

No decision to expel a student shall be reversed on the grounds that such factors were not considered. Nothing in this subsection shall be deemed to preclude a school board from considering any of the factors listed above as “special circumstances” for purposes of expulsions discussed in the following subsections.

Firearms

The School Board shall expel from school attendance for a period of not less than one year any student whom the School Board has determined to have possessed a firearm on school property or at a school-sponsored activity as prohibited by Va. Code § 18.2-308.1, or to have possessed a firearm or destructive device as defined in this policy, a firearm muffler or firearm silencer, or a pneumatic gun as defined in this policy on school property or at a school-sponsored activity. A school administrator, pursuant to School Board policy, or the School Board may, however, determine, based on the facts of a particular situation, that special circumstances exist and no disciplinary action or another disciplinary action or another term of expulsion is appropriate. The School Board may promulgate guidelines for determining what constitutes special circumstances. In addition, the School Board may, by regulation, authorize the superintendent or superintendent’s designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Nothing in this policy shall be construed to require a student’s expulsion regardless of the facts of the particular situation.

The exemptions set out in Va. Code § 18.2-308 regarding concealed weapons shall apply, *mutatis mutandis*, to the provisions of this Policy. The provisions of this policy shall not apply to persons who possess such firearm or firearms or pneumatic guns as a part of the curriculum or other programs sponsored by the schools in the school division or any organization permitted by the school to use its premises or to any law-enforcement officer while engaged in his duties as such.

Drug Offenses

The School Board shall expel from school attendance any student whom the School Board has determined to have brought a controlled substance, imitation controlled substance, or marijuana as defined in Va. Code § 18.2-247, or synthetic cannabinoids as defined in Va. Code § 18.2-248.1:1 onto school property or to a school-sponsored activity. The School Board may, however, determine, based on the facts of the particular case that special circumstances exist and another disciplinary action is appropriate. In addition, the School Board may, by regulation, authorize the superintendent or the superintendent’s designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Nothing in this policy shall be construed to require a student’s expulsion regardless of the facts of the particular situation.

C. Procedure for School Board Hearing

The procedure for the School Board hearing shall be as follows:

- The School Board shall determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing shall be private unless otherwise specified by the School Board.
- The School Board may ask for opening statements from the principal or his representative and the student or his parent(s) (or their representative) and, at the discretion of the School Board, may allow closing statements.
- The parties shall then present their evidence. Because the principal has the ultimate burden of proof, he shall present his evidence first. Witnesses may be questioned by the School Board members and by the parties (or their representative). The School Board may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination provided, however, that the School Board may take the testimony of student witnesses outside the presence of the student, his parent(s) and their representative if the School Board determines, in its discretion, that such action is necessary to protect the student witness.
- The parties shall produce such additional evidence as the School Board may deem necessary. The School Board shall be the judge of the relevancy and materiality of the evidence.
- Exhibits offered by the parties may be received in evidence by the School Board and, when so received, shall be marked and

made part of the record.

- The School Board may, by majority vote, uphold, reject or alter the recommendations.
- The School Board shall transmit its decision, including the reasons therefor, to the student, his parent(s), the principal and superintendent.

VI. ALTERNATIVE EDUCATION PROGRAM

The school board may require any student who has been (1) charged with an offense relating to the laws of Virginia, or with a violation of school board policies, on weapons, alcohol or drugs, or intentional injury to another person, or with an offense that is required to be disclosed to the superintendent of the school division pursuant to Va. Code §; (2) found guilty or not innocent of an offense relating to Virginia's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent of the school division pursuant to Va. Code sec. 16.1-260.G (3) found to have committed a serious offense or repeated offenses in violation of school board policies; (4) suspended pursuant to Va. Code sec. 22.1-277.05; or (5) expelled pursuant to Va. Code secs. 22.1-277.06, 22.1-277.07, or 22.1-277.08 or subsection B of Va. Code sec. 22.1-277, to attend an alternative education program. The School Board may require such student to attend such programs regardless of where the crime occurred. The School Board may require any student who has been found to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of school board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

A principal (or his designee) may impose a short-term suspension, pursuant to Va. Code § 22.1-277.04, upon a student who has been charged with an offense involving intentional injury enumerated in Va. Code § 16.1-260.G, to another student in the same school pending a decision as to whether to require that such student attend an alternative education program.

As used herein, "charged" means that a petition or warrant has been filed or is pending against a pupil.

VII. REPORTING

A. Except as may otherwise be required by federal law, regulation or jurisprudence; reports shall be made to the division superintendent and to the principal or his designee on all incidents involving

- (1) the assault, or assault and battery, without bodily injury of any person on a school bus, on school property, or at a school-sponsored activity;
- (2) the assault and battery which results in a bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property, or at a school-sponsored activity;
- (3) any conduct involving alcohol, marijuana, synthetic cannabinoids as defined in § 18.2-248.1:1, a controlled substance, imitation controlled substance, or an anabolic steroid on a school bus, on school property, or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;

Code § 18.2-433.1, or chemical bombs, as described in Va. Code sec. 18.2- 87.1, on a school bus, on school property, or at a school-sponsored activity;
- (7) any threats or false threats to bomb, as described in Va. Code sec. 18.2-83, made against school personnel or involving school property or school buses;
- (8) the arrest of any student for an incident occurring on a school bus, on school property, or at a school sponsored activity, including the charge therefore; and
- (9) any illegal possession of weapons, alcohol, drugs, or tobacco products.

B. The division superintendent and the principal or his designee shall receive reports made by local law enforcement authorities on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act, Va. Code sec. 54.1-3400 et seq., and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in the clauses (1) through (8) of subsection VII.A. of this policy, and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. A superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of Va. Code section 16.1-260 shall report such information to the principal of the school in which the juvenile is enrolled.

C. The principal or his designee shall submit a report of all incidents required to be reported pursuant to subsection VII.A.(1-8) of this policy to the superintendent of the school division. The division superintendent shall annually report all such incidents to the Department of Education.

In submitting reports of such incidents, principals and division superintendents shall accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection VII.B. of this policy.

D. The principal or his designee shall also notify the parent of any student involved in an incident required by this subsection to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice shall relate to only the relevant student's involvement and shall not include information concerning other students.

E. Whenever any student commits any reportable incident as set forth in this subsection, such student shall be required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or his designee. Prevention and intervention activities shall be identified in the local school division drug and alcohol violence prevention plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV-Safe and Drug-Free Schools and Communities Act).

F. Except as may otherwise be required by federal law, regulation, or jurisprudence, a principal shall immediately report to the local law-enforcement agency any act enumerated in clauses 2 through 7 subsection VII.A. of this policy that may constitute a criminal offense and may report to the local law enforcement agency any incident described in clause (1) of subsection VII.A. of this policy.

In addition, except as may be prohibited by federal law, regulation, or jurisprudence, the principal shall also immediately report any act enumerated in clauses (2) through (5) of subsection VII.A. of this policy that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal shall report that the incident has been reported to local law enforcement for further information, if they so desire.

G. For purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

VIII. RE-ADMISSION OF SUSPENDED AND/OR EXPELLED STUDENTS

Any student who has been suspended from a school of this division is not eligible to attend any other school within the division until eligible to return to his or her regular school.

Any student who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in this Commonwealth or in another state or for whom admission has been withdrawn by a private school in this Commonwealth or in another state may be excluded from attendance in the BLANK Schools, in accordance with Policy JEC (G). In the case of a suspension of more than thirty days, the term of the exclusion may not exceed the duration of such suspension.

In excluding any such expelled student from school attendance, the school board may accept or waive any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code sec. 22.1-277.06. The excluding school board shall not impose additional conditions for readmission to school.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that re-admission, without parent conference, is appropriate for the student.

If the parent fails to comply with this policy or Policy JEC, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the school board, or superintendent or his designee, as the case may be at the relevant hearing, the student may re-petition the school board for admission. If the petition for admission is rejected, the school board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the school board for admission.

The school board may permit students excluded pursuant to this subsection to attend an alternative education program provided by the school board for the term of such exclusion.

STUDENT ATHLETE DRUG TESTING

The Giles County School Board believes that the use of alcohol or other drugs by students who participate in interscholastic athletics presents a hazard to the health, safety and welfare of the student athlete. Therefore, the use of such substances by student-athletes will not be permitted. The School Board encourages students to participate in school-sponsored interscholastic athletics but believes the opportunity to participate is not an absolute right but a privilege offered to eligible students on an equal opportunity basis. In order to be eligible to participate in any school sponsored interscholastic athletic program, the student must agree to submit to a physical examination, including drug analysis. Team members must agree to random drug testing throughout the season and off season practices; a parent or guardian must also signify agreement with this policy.

The purpose of this policy is to better assure the student's health and physical fitness to participate in athletics and not to provide a means which may be used to punish a student athlete through suspension from school or other disciplinary actions affecting instruction. Substantiation of the use of illegal substances will temporarily or permanently render an athlete ineligible for interscholastic athletics. The status of ineligibility will be determined by the number of substantiated violations of the drug testing policy. Accordingly, the results of any drug test administered under this policy shall be used only for determination of eligibility for participation in interscholastic athletics.

The results of any test administered under the terms of this policy shall be kept confidential and disclosed only to the student athlete, his/her parents or guardians, and school officials designated by the superintendent. The results of the testing shall be used only as provided for in the accompanying regulation.

Student athletes will remain subject to the policies, rules and regulations relating to the use, possession, sale, and distribution of illegal substances, marijuana, steroids and alcohol.

Adopted: June 27, 2013
Revised: September 26, 2013

Drug Testing: Student Athletes

A. General

Student athletes shall not at any time during the season or during the out of season practices use, possess, sell, distribute, or be under the influence of any illegal drug, anabolic steroid or alcohol while a member of any school-sponsored interscholastic athletic team. Coaches and other school personnel shall be responsible for communicating the above and for taking reasonable steps to ensure compliance.

1. Alcohol. Alcohol will be included as a part of all drug tests. Additionally, coaches should observe all athletes carefully to ensure that they are not using alcohol. Students suspected of using alcohol should be counseled about the matter. The use of a Breathalyzer is encouraged and may be used periodically with the entire team or with individuals suspected of using alcohol.
2. Alcohol, marijuana, cocaine, and other illegal drugs. Drug tests will be used as outlined below.
3. Steroids. (Refer to policy and regulation JFC & JFCI for procedures for dealing with steroid use among the general school population.) Coaches have a particular responsibility for educating their athletes about the dangers of steroid use. If there is reasonable suspicion to believe that a student athlete is using steroids, that students will be required to undergo a test to confirm or deny the use.

B. Meeting for Parents and Athletes

A meeting with student athletes will be scheduled before practice begins during each athletic season. The drug testing plan will be discussed and copies of the policy, procedures, and consent form will be provided for each athlete. Parents will be encouraged to attend this meeting.

C. Consent Form

To try-out for or participate on any school-sponsored athletic team, the student athlete must sign a consent form by which the student agrees to participate in the drug testing program which includes an oral fluid drug test and a Breathalyzer test for alcohol. The consent requires the student to submit to testing: (a) when the student is selected on a random selection basis; and (b) at any time when there is reasonable suspicion to test for illegal or performance-enhancing drugs. The consent form must be signed by the student's parent or guardian within the first 10 days of the season. This form must be signed and witnessed by a school official or the parent will have the form notarized and returned to the school. The consent form will be valid for the current school year (for all sports) and must be renewed annually.

D. Non-Compliance

If the student athlete or his/her parents or guardians refuse to sign the consent form, the student will not be permitted to be a member of a team. Also, if during the season the student athlete refuses to be tested or attempts to tamper with or assists others in tampering with the sample, the athlete will be dropped from the team in the absence of extenuating circumstances.

E. Testing Procedure

The licensed provider of services selected by the superintendent and as approved by the school board for CDL holders shall conduct all testing. An accurate chain of custody will be provided for each specimen. Drugs specifically tested for will include alcohol, amphetamines, methamphetamines, cocaine, opiates, phencyclidine, and marijuana. Cutoff levels for confirmation methods are those established by SAMHSA (Substance Abuse and Mental Health Services Administration), guidelines for oral fluid testing. Students are not to eat or drink 10 minutes prior to the test (students will be observed for 10 minutes prior to submitting to the test).

F. Random Tests

Random tests will be conducted at each school during each athletic season. The number of tests will be determined by funding allocated annually by the school board to student athlete drug testing. Central office personnel and the high school athletic directors will devise a schedule that will ensure that as many tests are administered as possible based on available funding. Furthermore, each season's test schedule will include student athletes from every team. The number of each team's student athletes who are tested will be

determined by calculating the percentage of student athletes who are members of a specific team to the total number of student athletes for that season.

The provider of services, using random selection methods, will generate a list of students for each testing date. The names of these students will be communicated to the Activities Coordinator, and the students will be tested. If a student is in school and fails to report for testing at the appointed time, he/she will be dropped from the team in the absence of extenuating circumstances. Students are not to be notified in advance of any drug test. Students will be escorted to the school's testing site by a school employee and will remain under employee supervision until the test is conducted.

G. Positive Test Result

Positive test results will be cumulative over a student's high school career within the Giles County Public School system. In the event of a positive test results, the testing agency will notify the school division administrator in charge of the program. The following steps will then occur:

1. The school division administrator will notify the respective Activities Coordinator.
2. The Activities Coordinator will notify the parent/guardian, student, principal, and coach. The Activities Coordinator will advise the parents of the opportunity to respond to a positive test. The Activities Coordinator will schedule a meeting with the substance abuse educator, the parent/guardian, student, and student's physician, if requested, to develop a plan of assistance for the student.
3. Progressive actions following positive test results:
 - a. First positive test result—The athlete will be removed from physical participation in practice and competition for the remainder of the athletic season in which the athlete had a positive test result. The athlete will become eligible for athletic participation on the first date of practice for the next athletic season after being retested by the testing agency with a negative result. Any athlete who tests positive, receives substance abuse education, and if reinstated will be retested once a month for as long as he/she participates in interscholastic sports for the remainder of the school year.
 - b. Second positive test result—The athlete will be removed from physical participation in practice and competition for 365 days from the date of the positive test result registered by the testing laboratory. The student will become eligible for athletic participation following the 365 day period. Drug testing will resume on a monthly basis once the student resumes participation in athletics and is a member of an athletic team.
 - c. Third positive test result—The athlete will be ineligible for participation in interscholastic athletics for the remainder of his/her high school career.

H. Appeal

An appeal may be instituted at any stage by the parent, and/or by the student if over the age of eighteen, to the superintendent. A student who has been determined by the principal/athletic director to be in violation of this regulation shall have the right to appeal the decision to the superintendent or his/her designee(s). Such request for a review must be submitted to the superintendent in writing within five (5) calendar days of notice of the positive test or the right to a review will be deemed waived. A student requesting a review will remain ineligible to participate until the review is completed. The superintendent or his/her designee(s) shall then determine whether the original finding was justified. No further review of the superintendent's decision will be provided and his/her decision shall be final in all respects.

I. Confidentiality

Confidentiality of test results must be maintained at all levels, including the testing agency, the school administrative officer, principal, the Activities Coordinator, the substance abuse educator, and the coach. Results will not be placed on student records, no penalties or restriction will be placed on a student's participation in any other student activities, and no actions will be taken by the school against the student except as outlined in G above.

Each principal will be responsible for conducting an annual meeting with faculty and staff to ensure confidentiality and fairness to all students. The policy and procedures should be carefully explained to all staff members.

J. School Discipline Policy

Nothing contained in this policy shall limit or prohibit the application of School board Policy which provides for disciplinary action for students using, possessing, being under the influence or distributing illegal drugs, marijuana, steroids or alcohol on school property, at school events or going to and from school. The provisions of this policy and regulation should not be confused with policy

and regulation JFC and JFCI. Students who test positive under this policy will not be subject to disciplinary action under policy and regulation JFC and JFCI unless their actions also constitute a violation of that policy or regulation.

7. Back issues of magazines are available for research.
8. All library materials are entered in a computer and will be circulated by scanning bar codes. These bar codes are a necessary part of this system and tampering with these bar codes in any manner will require a \$2.00 replacement fee. You are expected to care for all library materials so they will be in good condition when you return them (and so others may have the pleasure of borrowing them).
9. If you need help in locating materials or in using the library in any way, the library or student assistants will be willing to help you.
10. The career center is now located in the library. Numerous college and university catalogs are kept there. You are welcome to come in at approved times during the day to use this center.
11. College catalogs may be checked out overnight or over a weekend. Directories that contain information on all

colleges are available for use also. Specific career information is available in books and pamphlets.
12. Computers are available in the library for students. All computer lab rules and regulations apply to these computers.

Lockers:

1. **Each student will be assigned a permanent locker by his/her advisor.**
2. A locker number must be on file in the Assistant Principal's office.
3. Only school issued locks are permitted to be used on lockers.
4. If your lock is lost or damaged, another cannot be issued until another \$5.00 lock deposit is paid.
5. Report any trouble with lockers to the Assistant Principal.
6. If you damage your locker, repairs or cleaning becomes your financial obligation.
7. The Principal or designated person retains the right to inspect student lockers for any reason at any time without notice, without student consent, and without a search warrant.
8. Students are not to go to their lockers after the tardy bell during lunch.
9. **LOCKERS SHOULD ALWAYS BE LOCKED WHEN NOT IN USE. DO NOT GIVE YOUR COMBINATION TO ANYONE ELSE.** Do not leave money or valuables in your locker. Lockers are not Safes.
10. **Students are expected to assume full responsibility for their lockers.**

LOITERING: Students are not to loiter in the restrooms, halls, office area, or other off-limit areas. They are to stay in the general area of their assigned classroom or lunch area. Students not involved in extra-curricular activities are not to be in the building or around practice areas after school or during practice times. Demerits/detention may be assigned for loitering. Repeated loitering will be considered defiance of school rules and will be handled with more severe discipline.

OFF LIMITS: Students will not be permitted to go to the student parking lot, or behind the vocational building, or off school grounds at any time during the school day, except when permission is granted by an administrator. Students who are found in unauthorized areas during school hours will be subject to disciplinary action. **STUDENTS WILL NOT BE ALLOWED PAST THE CORNER OF THE DOWNSTAIRS HALLWAY IN THE MORNINGS. NO STUDENT will be allowed in the hallways in the morning before school and during lunch. ALL STUDENTS will be in cafeteria, outside on front lawn or in lobby area at the gym doors.**

OUT-OF-SCHOOL SUSPENSION (OSS):

1. OSS is a form of discipline used to correct inappropriate student behavior. It is used as a 'last ditch' effort whenever possible. Students who are suspended from school are essentially in a non-student status temporarily. They may not attend school, school-related activities or functions and are not permitted permission to be on any Giles County Schools properties without permission until the suspension period is concluded. Students who violate this policy are subject to further disciplinary measures or arrest for violation for trespass laws.
2. In order to be reinstated from out-of-school suspension, a parent/guardian needs to return to school with the student (or have a conference telephone call) to discuss the situation with an administrator.
3. Unexcused absences will be assigned for any days of out-of-school suspension. These absences will be considered when determining whether students exceeding the attendance policy should be given waiver.
4. **IT IS IMPORTANT TO KNOW THAT OUT-OF-SCHOOL SUSPENSION IS AN UNEXCUSED ABSENCE.**

PUBLIC DISPLAY OF AFFECTION: The way students conduct themselves toward each other creates a respectful or disrespectful image to be shared by both the students and the school. Anything beyond holding hands will not be tolerated and disciplinary action will be taken.

Resident of Attendance Zones (9-3.1): Students shall attend the school in the attendance area in which they reside and to which they are assigned, unless special permission is granted by the School Board in regular session for good and sufficient reasons.

STUDENT ILLNESS: Students who become ill during the course of the school day must inform their teacher (if during class), receive a note to come to the office; and, if it is during the change of class they must report to the office and inform a secretary or administrator that they are ill. Since excessive checkouts are detrimental to students and the learning climate of the school, any student that checks out is expected to call a parent for permission. Students are required to have a doctor's excuse for checkouts that exceed two per semester. Classes missed due to checkouts are totaled and a total of 4 blocks missed will equal one day of absence counted against the student's attendance. This will be counted against the attendance and the exam waiver policy.

STUDENT INSURANCE: The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of accident to the student at school. The parent or guardian is responsible for the payment of such bills. We urge you to avail yourself of the protection afforded through school insurance, if you are not otherwise insured. Students will be given information regarding various insurance plans during the first week of school.

In case of an accident, no matter how minor, the student should report that accident to the teacher immediately. In the case of severe accidents or acute illness, emergency care will be given and the parents will be notified. **All students should leave a phone number with their homeroom teacher for contact with the home in case of an emergency.**

STUDENTS IN THE OFFICE: The school's offices are places of business. Students entering the office are expected to state their business to a school secretary or administrator.

TELEPHONES: Use of school phones by students for personal calls is forbidden. An office staff member only in cases of emergency must grant permission. Students should never dial 911 without the permission of administration.

TEXTBOOKS: Textbooks are the sole responsibility of the person to whom they are issued. All lost books must be paid for before future books can be issued. Student books lost and then found must be cleared prior to the end of the school year through the Assistant Principal. No refunds can be given after this date. Financial obligations left unpaid by students will result in their not being allowed to participate in graduation ceremonies.

VISITORS: Giles County School Board policy states the following “that no person, unless on official business, be allowed within the school or on school premises during the school day hours.” This is for the protection of students.

MOMENT OF SILENCE

The Giles County School Board recognizes that a moment of silence before each school day prepares students and staff for their respective work or school days. Therefore, each teacher shall observe a moment of silence at the beginning of the first class of each school day.

The teacher responsible for each class shall make sure that each student: (1) remains seated and silent and (2) does not disrupt or distract other students during the moment of silence. The moment may be used for any lawful silent activity, including personal reflection, prayer and meditation. Teachers shall not influence, in any way, students to pray or meditate or not to pray or meditate during the moment of silence.
